Exidine® CHG Scrub Solutions

PVP-I Scrub Solutions

Surgical Hand Scrubs

Surgicept® Waterless Surgical Hand Scrub is an effective and convenient waterless surgical hand antiseptic. The unique formulation meets FDA efficacy requirements of rapid, persistent and cumulative activity against hand flora.

Triseptin® Water-Aided Surgical Scrub and Triseptin® Hand and Body Antiseptic are brushless, alcohol-based antiseptics that work with water to remove microorganisms when used prior to surgical procedures.

SKU#	Description	Each/Case

Scrub Brushes & Solutions

Scrub Care® surgical scrub brushes feature soft, flexible bristles with a plush sponge, a nail pick to maximize thorough hand cleaning and packaging that is easy to open with wet or dry hands. A wall-mounted bracket holds the Scrub Care carton, which conveniently dispenses single scrub brushes.

Scrub Care antimicrobial solutions are part of a unique closed dispensing system which is designed to help reduce the risk of bacterial contamination inherent in traditional dispensing units. The solutions are available by the bottle in liquid and foam for convenient dispensing at the scrub sink.
