

*This shouldn't be
a sticky situation.*

Quick-drying Surgicept® gives you soft, smooth hands without the sticky residue.

Easier gloving is just one of the reasons why 78% of surgical staffers in a blind study preferred Surgicept® Waterless Surgical Hand Scrub over Avagard® Surgical Hand Antiseptic.¹ Surgicept meets FDA efficacy requirements of rapid, persistent, and cumulative activity against hand flora. The patented formulation leaves hands feeling soft, smooth and clean without the tacky buildup. Plus, the convenient, motion-activated dispenser provides accurate dosage delivery. Call your CareFusion sales representative to feel the difference for yourself.
