

SPETZLER™ scalp
retractor clamps

V. Mueller® instruments

Secure, reliable gripping

The SPETZLER™ scalp retractor clamps provide a secure means of holding an elasticized scalp retraction hook. The clamps are available in snap-on or slide-on styles and in two sizes for versatility when used with common surgical retractor arms.

The clamps feature:

- Easy and quick assembly
- Easy adjustability
- Ability to attach additional scalp retraction hooks when and where they are needed
- Compatibility with elasticized scalp retraction hooks, such as WECK derma hooks
- Two sizes to accommodate most common surgical arm sizes (.5 inches and 20mm)
- Easy adjustability of tension in elasticized portion of scalp retraction hook, allowing for individual control of each hook
- Unobtrusive retraction during surgery

The SPETZLER™ clamps enable quick assembly for scalp retraction and easy readjustment during supratentorial and infratentorial skull operations.

SPETZLER™ snap-on clamp

SPETZLER™ slide-on clamp

The snap-on and slide-on designs help give the surgeon maximum flexibility in positioning and re-positioning the scalp flap.

Order information

Catalog number	Description
M-1580	SPETZLER™ snap-on clamp, 0.5 in. (12.7mm)
M-1585	SPETZLER™ snap-on clamp, 20mm
M-1560	SPETZLER™ slide-on clamp, 0.5 in. (12.7mm)
M-1565	SPETZLER™ slide-on clamp, 20mm
NL-1234	Rhoton brain retractor set
Z-0200	SPETZLER™ headrest system set

The 0.5" (12.7mm) clamps are compatible with 0.5" rigid holding bar/rod Cat. No. NL1236.
 The 20mm clamps are compatible with the 20mm rigid holding bar/rod Cat. No. NL1279-002.
 Both sizes and styles will accommodate most common surgical retractor bars.

To place an order or for information, please contact your V. Mueller® sales representative or call customer service at 800.323.9088.

The SPETZLER™ clamps attach to the RHOTON-MERZ brain retractor system (cat. no. NL-1234) to assist in the retraction of the scalp during supratentorial and infratentorial skull operations.

The SPETZLER™ headrest system (cat. no. Z-0200) offers optimal flexibility in patient head stabilization during neurosurgical procedures.

To place an order or for information, please contact your V. Mueller® sales representative or call customer service at 800.323.9088.
